

REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: It would not have been obvious to place a closable flap in the region of transition from the circulation gas line into the lower section of the reactor chamber, wherein the flap is adapted to prevent the penetration of polymer particles into the circulation gas line; having a closable flap therein the apparatus as claimed is neither taught nor suggested in the prior art of record. See the decision of the Board of Patent Appeals and Interferences dated 3/26/2009, page 18.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to KAITY V. HANDAL whose telephone number is (571)272-8520. The examiner can normally be reached on M-F 8-5.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Alexa Neckel can be reached on (571) 272-1446. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only.
